There is no reason to ban this monumental safe accessory from this city and state! Rethink what you are doing.

I've had the pleasure to use Uber in other states & like them much more than taxis.
It's my right to have transport choices.
I CHOOSE UBER!!!!

Government Contact Concerned,

If I call a friend to get me home and give them 20.00 is that against South Carolina Law. I will continue to connect to Uber, and I asked you to support it to, why is South Carolina always the last.. Why don't you stand up and be the first.. I first used Uber in Boston, when going to a Clemson Game, I got to the game by a uber driver, for less than 15.00, it would have cost me 65.00 with a local cab company, I think if South Carolina wants to promote our State as a It's a Great day in South Carolina, then we need to tech up!

Not to mention, how many drunk drivers we can get off the road, Drunk drivers will not call a yellow cab, but will use a neighbor to bring them home.

Thanks and have a great day!
Barry Thomas
